FINANCES

For the student scholarship governed by this agreement, the EU institution concerned undertakes to finance eligible expenditure and scholarships in accordance with the financing rules established by the European Commission.

The student will receive a scholarship:

- For academic needs only: to perform studies, research or training
- For the period he/she is abroad: starting on the day of arrival (according to ticket) and never later than date of departure. The maximum number of months is indicated in the selection news.
- Attention: for periods outside of academic semesters (holiday periods): a student can only receive a scholarship if there is an academic activity (research, language courses, thesis,...) and this can be proven.

The signing student commits him/herself to reimbursing the partially received grant:

- if he/she withdraws from the project without a justified reason, except in case of force majeure (which means reasons out of control of the student or the project): in this case the student is only entitled to subsistence fee for the months actually spent abroad. An official letter has to be sent by the student to the Basileus Secretariat officially stating the reason of withdrawal.

The student declares that he/she will not gain another grant of the European Commission for the same period. He/she will use the scholarship to cover costs that are related to the support of the organisation of this mobility flow.

In case of irregularities the grant should be reimbursed within 30 days upon return in the country of origin. If the student fails to do so additional banking fees and interests will be charged or juridical steps will be taken. The scholarship, funded by the European Commission includes: subsistence allowance: undergraduate and graduate: 1,000 €/month

IMPORTANT

The student is obliged to provide the following documents to the EU institution concerned:

- the evaluation form
- the boarding pass and/or ticket
- TG2: invoice to prove travel costs and invoice to prove insurance cost

The student commits him/herself of returning to his/her home institution after the end of the exchange period.
